Subject: Important Update: 2026 Service & Retainer Adjustment

Dear Mr. Davis,

I am writing to share an upcoming update regarding your monthly service retainer.

Over the past two years, our team has expanded our operational capabilities to deliver even greater efficiency and support for your business. To maintain this level of quality and cover increased platform overhead, we are updating our retainer pricing effective September 1, 2026.

Your current package will adjust by +\$200/month.

We deeply value our partnership and remain fully committed to supporting your ongoing growth. Please let us know if you would like to schedule a brief call to review your current deliverable scope or discuss package options before the new rate takes effect.

Best regards,

The Operations Team
